### **The Watkins story is unique**

The Watkins Story began in 1868 with the vision of a 28-year-old entrepreneur, J.R. Watkins. With confidence in the exceptional quality of his first product, Watkins Red Liniment, he offered the first-ever money-back satisfaction guarantee by inventing his famous “Trial-Mark” bottle.

Demand for Red Liniment quickly multiplied. To meet this demand, he hired salesmen to market this growing line of products from home to home, thus founding the Direct Sales Industry.

“The Watkins Man” became an indelible part of the landscape as North America matured. J.R.’s dream lives on in the vision and entrepreneurial spirit of today’s “Watkins Men and Women.” Watkins invites you to become part of this tradition.

### **Good Tastings™ by Watkins**

Watkins continues its tradition of advancing the entrepreneurial spirit with Good Tastings™ by Watkins—casual gatherings where friends and families sample easy-to-prepare food made with Watkins’ superior quality products. Watkins Associates use these events to sell Watkins products, expand their customer base, meet new hosts, and recruit new partners for their Watkins team.
